

Community

The Prince Edward County
Memorial Hospital
Auxiliary Inc.
Since 1934

The Prince Edward Memorial Hospital Auxiliary is very involved in the community.

Some of the ways we are involved include:

Auxiliary Board –

Our Auxiliary Board provides leadership and coordination to our approximately 267 volunteers. In addition, they act as liaison to other community groups, e.g. The Prince Edward County Memorial Hospital Foundation, Red Cross Blood Donor Clinic, Meals on Wheels, Community Care for Seniors and The Horticultural Society.

Blood Donor Clinic –

Our volunteers assist with a variety of services at the regular Red Cross Blood Donor Clinics held in our community.

Meals on Wheels –

Our volunteers participate in this community program one month of each year. Teams of two pick up and deliver meals to shut-ins in our community.
