Appointment Day
Please bring the following with you:
- Health card
- List of current medications
- Your routine home medications which will be required during your clinic visit
- You may bring one support person to stay during your treatment
- Lunch is not provided so bring a bagged lunch and drink if coming for a lengthy stay (this is especially important for Diabetics)

Expected length of stay

**Short Treatments**
Treatments such as Phlebotomies and IV antibiotics can range from 30 minutes to 1 hour

**Long Treatments**
Treatments, such as IVIG, transfusions and iron, can take up to 8 hours.

Prior to appointment:

**For blood product transfusion patients**
(i.e. blood, platelets):
Type and screen blood test must be done
48 - 96 hours prior to transfusion

**For Therapeutic Phlebotomy Patients**
- Blood work arranged by your family doctor must be completed 2 weeks prior to procedure
- Eat breakfast and drink extra fluids the morning of procedure

Please arrange your own transportation to and from your appointment

QHC is a reduced scent environment.
Please refrain from wearing scented products to the hospital.
